THE RICHARD M BRODSKY FOUNDATION WOULD LIKE TO EXTEND ITS HEARTFELT THANKS TO

Massapequa Bowl

For being a 'Racing to Save Lives Sponsor' for the 2009 5K AIDS Cancer Walk. \$2,000 in toys was donated to Schneider Children's Hospital, \$1,000 was donated to Center of AIDS Research & Treatment (CART) at North Shore University Hospital, and the Richard M. Brodsky Foundation will be starting a running club for people living with HIV and cancer. We are hoping to surpass last year's \$10,000 donation of toiletry / gift items for people living with HIV and cancer who are clients of Long Island Minority AIDS Coalition (LIMAC) & CART and cancer survivors at North Shore University Hospital. These items will be donated in October, 2009. Free AIDS testing was provided by LIMAC at the 5K AIDS Cancer Run Walk and \$5,500 in lottery prizes was given away at the 5K Event.

certificate designed by Keely Payne and Syed Shabbir
